

ENERGY LTD FIELD OPERATOR – Grande Prairie Area

NuVista Energy Ltd, an independent Canadian oil and gas resource company, is looking for **CONTRACT FIELD OPERATORS**, working out of the Grande Prairie area in our Wapiti field. Our Contract Field Operators are responsible for the sour operation and maintenance of area facilities and wells; ensuring operations are carried out in a cost-effective/safe manner; ensuring NuVista maintains regulatory compliance including but not limited to pigging, testing, pipeline chemical inhibition, odours, facility inspections and reporting; as well as other duties.

You will possess a minimum of five years field and gas compressor experience and be able to demonstrate excellent communication and team work skills as well as have proven sour operating experience. A technical diploma would be an asset. Please note this is not a camp based job.

At NuVista we work hard at attracting and retaining people who are passionate about the work they do and are committed to making NuVista a great place to work.

Please send your resume and cover letter to careers@nvaenergy.com with GP Operator in the subject line.
