

NUVISTA ENERGY LTD.

**Notice of
Annual Meeting of Shareholders
to be held on Tuesday, May 5, 2009**

The annual meeting of the shareholders of NuVista Energy Ltd. will be held in the McMurray Room of the Calgary Petroleum Club, 319 – 5th Avenue S.W., Calgary, Alberta, T2P 0L5 on Tuesday, May 5, 2009 at 3:00 p.m. (Calgary time) to:

1. receive and consider our consolidated financial statements for the year ended December 31, 2008, together with the report of the auditors and the report of our Board of Directors;
2. fix the number of directors to be elected at the meeting at eight members;
3. elect eight directors;
4. appoint the auditors and to authorize the directors to fix their remuneration as such; and
5. transact such other business as may properly be brought before the meeting or any adjournment thereof.

The specific details of the matters proposed to be put before the meeting are set forth in the information circular - proxy statement accompanying this notice.

If you are unable to attend the meeting in person we request that you date and sign the enclosed form of proxy and mail it to or deposit it with our Corporate Secretary, c/o Valiant Trust Company, Suite 310, 606 – 4th Street S.W., Calgary, Alberta, T2P 1T1. In order to be valid and acted upon at the meeting, forms of proxy must be returned to the aforesaid address not less than 48 hours before the time for holding the meeting or any adjournment thereof.

Only shareholders of record at the close of business on March 27, 2009, will be entitled to vote at the meeting, unless that shareholder has transferred any shares subsequent to that date and the transferee shareholder, not later than 10 days before the meeting, establishes ownership of the shares and demands that the transferee's name be included on the list of shareholders entitled to vote at the meeting.

DATED at Calgary, Alberta this 27th day of March, 2009.

By order of the Board of Directors

"Glenn A. Hamilton"

Glenn A. Hamilton
Corporate Secretary

NUVISTA ENERGY LTD.

Information Circular - Proxy Statement
for the Annual Meeting to be held on Tuesday, May 5, 2009

PROXIES

Solicitation Of Proxies

This information circular - proxy statement is furnished in connection with the solicitation of proxies for use at the annual meeting of the shareholders of NuVista Energy Ltd. to be held on Tuesday, May 5, 2009, in the McMurray Room of the Calgary Petroleum Club, 319 – 5th Avenue S.W., Calgary, Alberta, T2P 0L5 at 3:00 p.m. (Calgary time) and at any adjournment thereof. Forms of proxy must be addressed to and reach our Corporate Secretary, c/o Valiant Trust Company, Suite 310, 606 – 4th Street S.W., Calgary, Alberta, T2P 1T1, not less than 48 hours before the time for holding the meeting or any adjournment thereof. Only shareholders of record at the close of business on March 27, 2009, will be entitled to vote at the meeting, unless that shareholder has transferred any shares subsequent to that date and the transferee shareholder, not later than 10 days before the meeting, establishes ownership of the shares and demands that the transferee's name be included on the list of shareholders entitled to vote at the meeting.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation.

The persons named in the enclosed form of proxy are our officers. As a shareholder you have the right to appoint a person, who need not be a shareholder, to represent you at the meeting. To exercise this right you should insert the name of the desired representative in the blank space provided on the form of proxy and strike out the other names or submit another appropriate proxy.

Advice To Beneficial Holders Of Common Shares

The information set forth in this section is of significant importance to you if you do not hold your common shares in your own name. Only proxies deposited by shareholders whose names appear on our records as the registered holders of common shares can be recognized and acted upon at the meeting. If common shares are listed in your account statement provided by your broker, then in almost all cases those common shares will not be registered in your name on our records. Such common shares will likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominees for many Canadian brokerage firms. Common shares held by your broker or their nominee can only be voted upon your instructions. Without specific instructions, your broker or their nominee is prohibited from voting your shares.

Applicable regulatory policy requires your broker to seek voting instructions from you in advance of the meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your shares are voted at the meeting. Often, the form of proxy supplied by your broker is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. Broadridge mails a scannable voting instruction form in lieu of the form of proxy. You are asked to complete and return the voting instruction form to them by mail or facsimile. Alternately, you can call their toll-free telephone number to vote your shares. They then tabulate the results of all instructions received and provide appropriate instructions respecting the voting of shares to be represented at the meeting. If you receive a voting instruction form from Broadridge it cannot be used as a proxy to vote shares directly at the meeting as the proxy must be returned to Broadridge well in advance of the meeting in order to have the shares voted.

Revocability Of Proxy

You may revoke your proxy at any time prior to a vote. If you or the person you give your proxy attends personally at the meeting, you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation. To be effective the instrument in writing must be deposited either at our head office at any time up to and including the last business day before the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the meeting on the day of the meeting, or any adjournment thereof.

Persons Making The Solicitation

This solicitation is made on behalf of our management. We will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual meeting and this information circular - proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by our directors, officers and employees who will not be remunerated therefor.

Exercise Of Discretion By Proxy

The common shares represented by proxy in favour of management nominees will be voted on any poll at the meeting. Where you specify a choice with respect to any matter to be acted upon, the shares will be voted on any poll in accordance with the specification so made. If you do not provide instructions, your shares will be voted in favour of the matters to be acted upon as set out herein. The persons appointed under the form of proxy, which we have furnished, are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual meeting and with respect to any other matters which may properly be brought before the meeting or any adjournment thereof. At the time of printing this information circular - proxy statement, we know of no such amendment, variation or other matter.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

We are authorized to issue an unlimited number of common shares without nominal or par value. As at March 17, 2009, there were 79,164,582 common shares issued and outstanding. As a holder of common shares you are entitled to one vote for each share you own. We are also authorized to issue 1,200,000 Class B performance shares without nominal or par value. As at March 17, 2009, there were no Class B performance shares issued and outstanding. Based on information supplied to them, to the knowledge of our directors and officers, as at March 17, 2009 no person or company beneficially owns, or controls or directs, directly or indirectly, more than 10% of our common shares, other than as set forth below:

Name	Number of Common Shares Beneficially Owned, or Controlled or Directed, Directly or Indirectly	Percentage of Issued and Outstanding Common Shares
Ontario Teachers' Pension Plan ⁽¹⁾	12,802,246	16.2%
Franklin Templeton Investments Corp., on behalf of its operating division, Bissett Investment Management ⁽²⁾	10,553,136	13.3%

Notes:

- (1) Based on insider reports filed on the System for Electronic Disclosure by Insiders (SEDI) as at March 17, 2009.
- (2) Based on an early warning report dated February 28, 2009 and filed on the System for Electronic Document Analysis and Retrieval (SEDAR).

As at March 17, 2009, our directors and officers, as a group, beneficially owned, or controlled or directed, directly or indirectly, 8,683,125 common shares or approximately 11.0% of our issued and outstanding common shares.

MATTERS TO BE ACTED UPON AT THE MEETING

Election Of Directors

At the meeting, shareholders will be asked to fix the number of directors to be elected at the meeting at eight members and to elect eight directors.

Management is soliciting proxies, in the accompanying form of proxy, for an ordinary resolution in favour of fixing the Board of Directors at eight members, and in favour of the election as directors of the eight nominees set forth below:

W. Peter Comber
 Pentti O. Karkkainen
 Keith A. MacPhail
 Ronald J. Poelzer
 Craig W. Stewart
 Alex G. Verge
 Clayton H. Woitas
 Grant A. Zawalsky

In the event that a vacancy among such nominees occurs because of death or for any reason prior to the meeting, the proxy shall not be voted with respect to such vacancy.

The following information relating to the nominees is based partly on our records and partly on information received by us from the nominees, and sets forth the names, ages and cities of residence of the nominees, their committee memberships, the year each became a director of us (or a predecessor of us), the present occupations and brief biographies of such persons, and the number of our securities beneficially owned, or controlled or directed, directly or indirectly by each and the number of stock options held as at as at December 31, 2008.

Notes:

- (1) The "Total Market Value of Common Shares and Stock Options" was determined by multiplying the number of common shares and the number of common shares issuable upon exercise of stock options held by each nominee as of December 31, 2008, in respect of 2008 and as of December 31, 2007 in respect of 2007, by the closing price of our common shares on the Toronto Stock Exchange on each such date (\$8.63 and \$13.10 respectively).
- (2) We also have a non-board executive committee comprised of Keith MacPhail, Ronald Poelzer, Glenn Hamilton, Alex Verge and Robert Froese.

Additional Disclosure Relating to Proposed Directors

Except as otherwise disclosed herein, none of our directors (nor any personal holding company of any of such persons) is, as of the date hereof, or was within ten years before the date hereof, a director, chief executive officer or chief financial officer of any company (including us), that was subject to a cease trade order (including a management cease trade order), an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, in each case that was in effect for a period of more than 30 consecutive days (collectively, an "Order") that was issued while the director was acting in the capacity as director, chief executive officer or chief financial officer; or was subject to an Order that was issued after the director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

Except as otherwise disclosed herein, none of our directors (nor any personal holding company of any of such persons) is, as of the date hereof, or has been within the ten years before the date hereof, a director or executive officer of any company (including us) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, other than Mr. Zawalsky who was formerly a director of Efficient Energy Resources Ltd. (a private electrical generation company) which agreed to the voluntary appointment of a receiver in 2005, Mr. MacPhail who was formerly a director of The Resort at Copper Point Ltd. (a private real estate development company) which was placed in receivership in 2009, and Mr. Stewart who was formerly a director of Calibre Energy Inc., which company sought protection under the *Companies' Creditors Arrangement Act* (Canada) in February 1999. In September 1999, a cease trade order was issued against Calibre Energy Inc. for failure to file financial statements. Mr. Stewart resigned as a director of the company on October 12, 1999. In addition, none of our directors (nor any personal holding company) or any such person has,

within the ten years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, executive officer or shareholder.

None of our directors (nor any personal holding company of any of such persons) has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority or any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Majority Voting for Directors

Our board has adopted a policy stipulating that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of our common shares voted and withheld, the nominee will submit his resignation promptly after the meeting, for the Governance and Nominating Committee's consideration. The Governance and Nominating Committee will make a recommendation to the board after reviewing the matter, and the board's decision to accept or reject the resignation offer will be disclosed to the public within 90 days of the applicable shareholder's meeting. Resignations are expected to be accepted except in situations where extenuating circumstances would warrant the applicable director to continue to serve as a board member. The nominee will not participate in any committee or board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

Appointment Of Auditors

Management is soliciting proxies, in the accompanying form of proxy, in favour of the appointment of the firm of KPMG LLP, Chartered Accountants, as our auditors, to hold office until the next annual meeting of our shareholders and to authorize the directors to fix their remuneration as such. See "*Audit Committee Information*" in our annual information form for the year ended December 31, 2008, for additional information including a description of fees we paid to KPMG LLP during the past two years.

DIRECTORS' COMPENSATION

Director Compensation

Our board, through the Governance and Nominating Committee, is responsible for the development and implementation of a compensation plan for our directors who are not also officers. We do not pay any compensation to officers for acting as a director.

The main objectives of our compensation plan for directors are to attract and retain the services of the most qualified individuals and to compensate the directors in a manner that is commensurate with the risks and responsibilities assumed in board and committee membership and at a level that is similar to the compensation paid to directors of a peer group of oil and gas companies. In addition, our philosophy of using compensation to foster a culture of ownership also extends to our director compensation policies. Our board believes it is important that directors demonstrate their commitment to our stewardship through common share ownership. We have established an equity ownership policy that non-executive directors must have an equity ownership interest in our common shares within six months of joining our board of at least three times their annual retainer. Following the phase-in period, directors are expected to be in continuous compliance with these guidelines. In the event that an individual who has achieved the target ownership level subsequently falls below such target ownership level due solely to a decline in the market price of our common shares, such individual will be considered to be in compliance with the ownership guidelines as long as the adjusted cost base of his or her common shares exceeds the target ownership level.

We currently pay our outside directors annual retainers and meeting fees for their roles on our board and board committees and outside directors are also reimbursed for their out-of-pocket expenses incurred in carrying out their duties as directors. Mr. MacPhail and Mr. Poelzer have requested that they not receive any retainer or meeting fees.

The following table summarizes the annual retainer and meetings fees paid for the year ended December 31, 2008.

Compensation Element	Amount	
	January 1 - June 30, 2008	July 1 - December 31, 2008

Committee Regular Meeting	600	1,000
Committee Short Meeting	500	750

Note:

- (1) Retainers for our Reserves Committee, Nominating and Governance Committee and Compensation Committee.

In addition, we grant stock options to our directors. The maximum number of stock options granted to outside directors is limited to 1% of our issued and outstanding common shares.

We do not make annual stock option grants to our directors. Mr. Stewart was awarded a one-time option grant of 10,000 options, upon his appointment to our board in March of 2008. In July 2008, all of our board members other than Mr. Stewart were granted 16,000 options to acquire common shares. At this same time, Mr. Stewart was also granted an additional 6,000 options to bring his total 2008 grant to 16,000 options. The last time that options were granted to our directors was in 2003, other than a grant made to Mr. Comber when he joined our board in 2004.

As at December 31, 2008, our outside directors held an aggregate of 147,000 options, which represented 0.2% of our issued and outstanding common shares as at such date. For information regarding the outstanding options held by the independent directors, see "Outstanding Option-based and Share-based Awards" and "Incentive Plan Awards – Value Vested or Earned during the Year" below.

Directors' Summary Compensation Table

The following table sets forth for the year ended December 31, 2008, information concerning the compensation paid to our directors other than Mr. Verge. For information regarding Mr. Verge's compensation, see "Executive Compensation" below.

Name	Fees earned (\$)	Share-based awards (\$)	Option-based awards ⁽¹⁾ (\$)	Non-equity incentive plan compensation (\$)	Pension value (\$)	All other compensation (\$)	Total (\$)

Notes:

- (1) Based on the award date fair value of the applicable grants, which value was calculated by multiplying the number of awards by the fair value of each option awarded on the date of grant using the Black-Scholes option pricing model. In the pricing model, the risk free interest rate ranged between 2% to 4% during 2008; volatility ranged between 29% to 41% during 2008; an average expected life of 4.5 years; an estimated forfeiture rate of 10%; and dividends of nil.
- (2) Mr. Zawalsky is a partner at the law firm of Burnet, Duckworth & Palmer LLP, which receives fees for the provision of legal services to us.
- (3) Compensation relating to the benefit forfeited due to a stock option expiry processing error.

EXECUTIVE COMPENSATION

For the year ended December 31, 2008 our named executive officers or NEO's, were Mr. Verge, our President and Chief Executive Officer, Mr. Froese, our Vice President, Finance and Chief Financial Officer, Mr. Christie, our Vice President, Exploration, Mr. McKinnon, our Vice President, Engineering and Mr. McDavid, our Vice President, Operations.

Compensation Discussion and Analysis

We have developed an executive compensation strategy built on offering a competitive compensation package, which is oriented toward developing a culture of ownership by making long-term equity-based incentives. As a result, the awarding of stock options is a significant component of our executive compensation. This approach is based on the assumption that our common share price performance over the long-term is an important indicator of long-term performance.

Our compensation philosophy is based on the following fundamental principles:

- Our compensation programs must be aligned with shareholder interests by aligning the goals of executives with maximizing long-term shareholder value.
- Our compensation to NEO's must be performance sensitive by linking compensation to our operating and market performance.
- Our compensation programs must be market competitive in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest calibre.

Compensation Decision-Making Process

The purpose of our Compensation Committee is to assist our board in fulfilling its responsibilities by monitoring our compensation plans and practises and ensuring their congruence with our objectives and goals by assessing and making recommendations regarding compensation, benefits, short and long-term incentive programs and employee retention.

Our Compensation Committee is currently composed of four non-management directors, Mr. Karkkainen (Chair), Mr. Comber, Mr. Stewart and Mr. Zawalsky. All members of the Compensation Committee are independent directors.

Our Chief Executive Officer presents recommendations to the Compensation Committee regarding salary adjustments, bonuses and long-term incentives for all staff. The focus of the discussion is on the individual executive salaries and bonuses with a review of the aggregate level of salary and bonuses for the balance of the staff. The Compensation Committee makes specific recommendations to our board on our Chief Executive Officer's salary, bonus payments and long-term incentive awards. The Compensation Committee also approves the salaries, bonus payments and long-term incentive awards of all other officers. Typically, recommendations regarding officer salaries are presented to the Compensation Committee in December and recommendations regarding bonuses are presented to the Compensation Committee in February. Recommendations regarding officer long-term incentive awards are typically made at the same time as awards to all of our employees.

Our board reviews all recommendations of the Compensation Committee before final approval. Any director who is also an officer is excused from the directors' meeting during any discussion of their compensation.

Analysis of Compensation Practices of Competitors

Aggregate compensation for each NEO is designed to be competitive. In late 2007 and early 2008, we retained the services of McKeon People Strategies Ltd., to provide advice on our overall company compensation programs and specifically relating to our long-term incentive programs.

In order to assess the market competitiveness of our executive compensation programs and assist the Compensation Committee in its evaluation of compensation, we also reviewed The 2007 Mercer Total Compensation Survey for the Petroleum Industry ("Mercer") and compensation data of several peer companies. We considered data from Mercer for 36 companies with an average of 101 employees and an average production rate of 17,522 barrels of oil equivalent per day ("boe/d") ("Group 2") and 46 companies with an average of 23 employees and an average production rate of 2,920 boe/d ("Group 3/4"). Our 2007 statistics were 82 employees and 13,851 boe/d. After completing the business combination with Rider Resources Ltd. in March of 2008, the number of our employees increased to 105 and our production increased to approximately 26,000 boe/d. In addition to the Mercer data, we reviewed the 2006 executive compensation data for 11 companies considered to be peer companies based on their business models and production volumes. Peer company compensation data was obtained from public filings.

The purpose of reviewing the Mercer and peer company data was to:

- Understand the competitiveness of current pay and bonus levels for each executive position relative to companies of similar size.
- Identify and understand any gaps that may exist between actual compensation levels and market compensation levels.
- Establish as a basis for developing salary adjustments and short and long-term incentive awards.

Components of Compensation Plan

Our executive compensation program provides a balanced set of components designed to deliver the objectives of our compensation philosophy. The salary component provides a base of secure compensation necessary to attract and retain executive talent but is lower than the median of the Mercer data for executives. The variable components, bonus and long-term incentive are designed to balance short-term gains with our long-term interests and motivate the superior performance of both. The long-term incentive plan also aligns NEO's with shareholders and helps retain executive talent. Our employee stock savings plan further aligns NEO's with shareholders and allows NEO's to accumulate savings for retirement or other purposes. The combination of the fixed components and the variable incentive opportunities delivers a competitive compensation package although the base salary component is lower than many of our competitors.

In determining salary increases, annual bonuses and other compensation, the Compensation Committee considers overall corporate performance, performance across a number of operating measures to evaluate the execution of our business strategy and other subjective elements such as the strengthening of staff resources, processes and internal communication and individual performance.

Summary Compensation of NEO's

Base Salary

In setting base salaries, our Compensation Committee reviews executive compensation of comparable organizations in the oil and gas industry. Historically we have encouraged an executive compensation philosophy where a significant component of compensation is variable and salaries that are below market medians. This philosophy reflects our focus on control of general and administrative cash costs and emphasis on executive compensation being linked to share performance. Salaries of senior executive officers reflect market conditions and levels of responsibility are determined utilizing salary survey information from comparable companies.

Typically, salary increases are determined for all employees, including executives in December of each year. The determination of 2008 executive salary increases was deferred to February 2008 and made retroactive to January 1, 2008 as a result of ongoing Rider Resources Ltd. acquisition.

As part of our growth following the business combination with Rider Resources Ltd., and as part of our ongoing review of our compensation programs, we undertook a substantial review of our compensation program in early 2008 and again in early 2009. In particular, we reviewed our executive compensation program and determined that in order to achieve the objectives of our compensation program and to recognize the additional competencies required to manage an intermediate exploration and development company, fairly significant increases in executive base salary were required. This resulted in NEO 2008 salary increases ranging from 17.6% to 33.1%. Even with these salary increases, our executive salary levels are below the median of comparable companies. Our Chief Executive Officer's 2008 salary is approximately 65% of the median of the Mercer Group 2 data for Chief Executive Officers. The 2008 salaries for the other NEO's are approximately 80% to 90% of the median of Mercer Group 2 data.

In 2009, as part of their ongoing review of compensation practices, the Compensation Committee and management retained a compensation consultant to review overall company compensations programs. The purpose of this review was to refine our compensation strategies and programs and review them in the context of the current economic environment. This review included a detailed review of the compensation amounts and mix of compensation components for executives.

The following table summarizes base salaries paid to our NEO's for the years ended December 31, 2007 and December 31, 2008.

Name and principal position	2007 Base Salary (\$)	2008 Base Salary (\$)	Increase
Alex G. Verge President and Chief Executive Officer	170,000	200,000	17.6%
Robert F. Froese Vice President, Finance and Chief Financial Officer	164,000	200,000	22.0%
Kevin J. Christie ⁽¹⁾ Vice President, Exploration	n/a	112,500	n/a
Dan B. McKinnon Vice President, Engineering	144,000	180,000	25.0%
D. Chris McDavid Vice President, Operations	139,000	185,000	33.1%

Note:

(1) Mr. Christie commenced employment on June 9, 2008, with an annual salary of \$200,000.

Bonuses

Our Compensation Committee approves an annual bonus amount for all employees and specific bonus amounts for officers (including NEO's). The total amount of the annual bonus pool is based on our performance with respect to board approved bonus performance metrics and current market conditions. Historically, we have had a company target bonus of 25% of annual salaries paid in the year. A performance factor ranging from 0.50 to 1.75 is applied to this company target bonus amount, based on the level of performance achieved relative to the board approved bonus performance metrics. In 2008, our level of performance relative to the bonus performance metrics was strong, resulting in a performance factor of 1.375. For 2008 bonuses, our company target bonus was reduced to 18% of annual salaries to reflect the weakening economic environment and anticipated bonuses at comparable companies. Applying the performance factor of 1.375 to this revised company target bonus, resulted in an overall 2008 company bonus of 25% of 2008 annual salaries paid or \$2.4 million.

The 2008 target bonus levels for executives, including NEO's, were 40 percent of annual salary. Actual bonuses paid as a percentage of 2008 salary reflect the year's performance factor 1.375 and individual and team specific contribution and performance.

For 2007 and 2008, the performance factor applied to the total company bonus target was based on the four bonus performance metrics outlined below.

- Proved plus probable finding, development and acquisition costs (including revisions and changes in future development costs) per boe.
- Growth in proved plus probable reserves (adjusted for debt) per share.
- Growth in average annual production (adjusted for debt) per share.
- Cash costs (operating, general and administrative and interest expenses) per boe.

The bonus performance metrics are designed to reflect key operating and financial metrics that have a significant impact on achieving our business plan and are aligned to the creation of shareholder value. The bonus performance metrics are intentionally based on operating rating metrics that are controllable by management rather than based on cash flow or share price that are heavily influenced by oil and natural gas prices. Share price performance is the primary determinant for compensation under our long-term incentive plans.

The 2008 bonus performance metrics are set forth below.

	Weighting	2008 Target	2008 Actual	Bonus Payout Range			2008 Factor
				0.50	1.00	1.75	
FD&A (P&P)(inc. FDC)/Boe ⁽¹⁾	35%	\$18.00	\$18.51	> \$20	\$16 - \$20	<\$16	1.00

Notes:

- (1) Finding, development and acquisition costs (proved and probable reserves), including future development capital divided by barrels of oil equivalent.
- (2) Proved plus probable reserves at December 31, 2008, divided by the number of common shares outstanding at December 31, 2008, and comparing this amount to the calculated amount at December 31, 2007. If required, the calculated reserves per share at December 31, 2008, are adjusted for increased debt levels on a boe basis at December 31, 2008.
- (3) Average 2008 production on a boe basis divided by the average number of shares outstanding during 2008 and comparing this amount to the calculated amount for 2007. If required, the calculated production per share for 2008 is adjusted for increased debt levels on a flowing boe per day basis at December 31, 2008.
- (4) Operating, general administrative (before bonuses) and interest costs divided by average barrel of oil equivalent production for 2008.

The following table summarizes bonuses paid to our NEO's for the years ended December 31, 2007 and December 31, 2008.

Long-term Incentive Plans

Our long-term incentive plans consist of our stock option plan, our restricted stock unit plan ("RSU Plan") and our employee savings plan. Our long-term incentive plans are designed to align the interests of our employees with shareholders by linking a component of compensation to the long-term performance of our common shares. Historically, our long-term incentive plans consisted only of our stock option and employee stock savings plans. In 2008, based on the review of our compensation programs by management and our compensation consultant, it was determined that we should add restricted stock units ("RSU's") to our compensation mix. This decision was based on a general compensation trend to include full-value incentives such as RSU's as replacement for a portion of gain-based incentives such as stock option awards. In addition, RSU's can provide an employee retention component that can be effective even in a declining share price environment.

Stock Option Incentive Plan

Our stock option plan is designed to motivate all employees to focus on our long-term growth and success. It also provides an effective retention tool. Total option awards are presently limited to 10% of our outstanding common shares. Any increase in our issued and outstanding common shares will result in an increase in the available number of common shares issuable under the plan and any exercises of options will make new awards available under the plan.

The number of common shares issuable pursuant to the plan to any one person shall not exceed 5% of the outstanding common shares. The number of common shares reserved for issuance at any time or issued within one year, pursuant to the plan and all of our other established or proposed share compensation arrangements to insiders shall not exceed 10% of our outstanding common shares and the number of common shares issuable within one year, pursuant to the plan and all of our other established or proposed share compensation arrangements to any one insider and such insider's associates shall not exceed 5% of our outstanding common shares. In addition, the number of common shares issuable pursuant to the plan to non-management directors is limited to a maximum of 1% of our outstanding common shares.

All options awarded pursuant to the plan will expire on a date as determined at the time of the grant provided that no stock option may be exercised beyond ten years from the time of the grant. Options are issued with an exercise price equal to the volume weighted average trading price of our common shares for the five trading days prior to the date of grant. Any stock options which have not been exercised by the expiry date shall expire and become null and void. If the expiry date of any option falls within any blackout period imposed by our board or within ten business days following the end of any blackout period, then the expiry date of such options shall be extended to the date that is

ten business days following the end such blackout period. Unless approved by our board, no stock options may be exercised by an optionee during a blackout period. Our plan does not provide for any financial assistance to be provided by us to facilitate the exercise of an option.

If an optionee ceases to be a director, officer or employee of us or ceases to be providing services to us on an ongoing basis for any reason whatsoever, including without limitation resignation, dismissal or otherwise but excluding the optionee's death, the optionee may, prior to the expiry date and within 30 days from the date of ceasing to be a director, officer or a employee or ceasing to provide services to us on an ongoing basis, exercise the stock options which are vested within such period, after which time the stock option shall terminate. If an optionee dies prior to the expiry date, the optionee's legal representative may, within six months from the optionee's death and prior to the expiry date, exercise the stock options which are vested within such period, after which time any remaining stock options shall terminate. If there is a "change of control" as defined in the stock option agreement all outstanding stock options vest prior to the date of the change of control. All options granted pursuant to the plan are not assignable.

Optionees have the right (the "Put Right") to request that we purchase each of their vested options for a price equal to the difference, if positive, between the market price of our common shares on the day prior to date of notice of exercise of the Put Right and the exercise price of the option. We have the discretion to not accept any exercise of the Put Right. In addition, each optionee that exercises the Put Right may purchase common shares from treasury with the proceeds of the exercise of the Put Right at the market price of our common shares. In certain circumstances as set forth in the plan, an optionee that exercises the Put Right may purchase common shares from us, which may, at our election, be issued on a flow-through basis under the *Income Tax Act* (Canada). The maximum number of common shares available under the Put Right is currently set at 700,000 common shares.

Our board can amend or discontinue the plan or options granted thereunder at any time without shareholder approval; provided any amendment to the plan that requires approval of any stock exchange on which our common shares are listed for trading may not be made without approval of such stock exchange. However, without the prior approval of the shareholders, as may be required by such exchange, we may not: (a) make any amendment to the plan to increase the percentage of common shares issuable on exercise of outstanding options at any time; (b) reduce the exercise price of any outstanding stock options held by insiders; (c) extend the term of any outstanding stock option held by insiders beyond the original expiry date of such stock option; (d) make any amendment to increase the maximum limit on the number of securities that may be issued to insiders; or (e) make any amendment to the amendment clause. In addition, no amendment to the plan or stock options granted pursuant to the plan may be made without the consent of the optionee, if it adversely alters or impairs any stock option previously granted to such optionee under the plan.

In December 2008, based on a review of our stock option plan, our policy regarding the vesting terms and expiry dates for all new stock options awards were changed. For all future stock option awards, one-third of the total award will vest on each of the first three anniversary dates and options will expire 2.5 years following the vesting date. For stock option awards prior to this date, vesting was one-quarter of the total award on each of the first four anniversary dates with an expiry date two years following the vesting date. In addition, our form of option agreement was amended to ensure that the change of control provisions in our long-term incentive plans were consistent.

All of our employees participate in the stock option plan. Subject to regulatory requirements, the terms and conditions of options granted under the stock option plan are determined by our board based on recommendations from the Compensation Committee. Stock option awards are approved for each officer with the award value based on percentage of salary adjusted for individual performance and other factors.

Our historical practise has been to grant stock options on an annual basis, except in the case of new hires. In the fall of 2008, we decided to split the annual long-term incentive grants into semi-annual awards (May and November) to address the volatility in our share price.

All employees, including NEO's, received stock option grants in March and December 2008. The March 2008 stock option grants were made at the same time employees joined us from Rider Resources Ltd. We believed it was important that our existing employees and the former Rider Resources Ltd. employees joining us, had stock options with the same terms. In December 2008, all employees, including NEO's, received the first semi-annual grant of 2008 stock options. This grant was deferred from the scheduled November grant date due to a trading blackout.

Restricted Stock Unit Incentive Plan

Our RSU Plan is designed to motivate all employees to focus on our long-term growth and success. The plan also provides employees with a compensation component that is linked to share performance but has less leverage to our share price than stock options. We believe that RSU's enhance our ability to attract and retain employees and complements the other components in our compensation program. The mix of RSU's and stock options received by an employee is based on their level in the organization and their role. Generally the long-term incentive awards for more senior employees are weighted towards stock options and awards for other employees are weighted towards RSU's.

All of our employees participate in the RSU plan. Our outside directors are not eligible to participate in the RSU Plan. The terms and conditions of RSU's awarded under the RSU plan are determined by our board based on recommendations from the Compensation Committee. RSU awards are approved for each executive with the award value based on percentage of salary, adjusted for individual performance and other factors.

All employees, including NEO's, received RSU awards in January and March 2008. The January 2008 RSU award was the initial award of RSU's made to employees and was considered to be an important component of our long-term incentive program to retain employees in a tight labour market. A second RSU award to all employees, including NEO's, was made at the time Rider Resources Ltd. employees joined us in March 2008.

Each RSU entitles an employee to a cash payment equal to the fair market value of our underlying common shares on the date that the RSU matures. For this purpose, fair market value means the volume weighted average of the prices at which our common shares traded on the Toronto Stock Exchange for the five (5) trading days prior to the maturity date. Unless otherwise determined by our Compensation Committee, each RSU granted pursuant to the RSU Plan has a fixed term of not more than 36 months less a day. All RSU's expire at the end of the term.

Unless otherwise provided in the grant agreement or the participant's employment contract: (i) if a holder ceases to be an employee "for cause", all RSU's shall be forfeited; (ii) if a holder voluntarily ceases to be an employee, all unpaid and matured RSU's shall be paid in full and all unmatured RSU's shall be forfeited; and (iii) if a holder ceases to be an employee as a result of the death or retirement or involuntary termination without cause, all unpaid and matured RSU's shall be payable in full and the holder shall be entitled to a proportionate share of unmatured RSU's. If there is a "change of control" as defined in the RSU Plan, all outstanding RSU's are payable in full prior to the date of the change of control. All RSU's granted pursuant to the plan are not assignable.

Our board may amend or discontinue the RSU Plan or RSU's granted under the RSU Plan at any time without shareholder approval; provided any amendment to the RSU Plan that requires approval of any stock exchange may not be made without approval of such stock exchange. In addition, no amendment to the RSU Plan or RSU's granted pursuant to the RSU Plan may be made without the consent of the participant, if it adversely alters or impairs any RSU's previously granted to such participant.

At December 31, 2008, there were 351,543 RSU's outstanding.

Employee Stock Savings Plan

We have an employee savings plan whereby all employees, including executive officers, are encouraged to contribute up to a maximum of 6% of their salary to the employee stock savings plan. Employees can choose to direct this money into a registered or non-registered savings plan. For each dollar contributed by the employee to the plan, we contribute 1.5 dollars. The funds are used to purchase our common shares in the open market. Both the employee and the employer contributions are subject to a one-year restriction on removal from the plan. Since the

plan is available to all employees, it has been successful in encouraging employees to become shareholders of us and promoting the principle of alignment with shareholder interests. The Compensation Committee considers this program to be competitive. There is no other form of retirement or savings program. All NEO's participated in the program in 2008. These amounts are included in the "All Other Compensation" on the Summary Compensation Table above.

Note:

- (1) Total Return Index.

Salaries and bonuses for our executive officers are based in part on the achievement of certain pre-determined performance metrics at the beginning of each fiscal year. The achievement of these objectives are measured against corporate and individual targets, as described earlier, and do not necessarily track the changes in the market value of our common shares, especially near the end of 2008 with the impact of the decline of commodity prices and the overall impact on equity markets from the global decline in the economy and the related credit crisis.

Our long-term incentive plans are designed to align the interests of employees, including NEO's, with shareholders by linking a component of compensation to our common share performance. The mix of stock options and restricted stock units in our NEO's compensation is more heavily weighted towards stock options. As a result of our share price at December 31, 2008, the NEO's value of stock option incentives as summarized in "*Outstanding Share-Based Awards and Option-Based Awards*" is nominal or zero, except for NEO's who commenced employment and were awarded stock options prior to 2006. In addition, the value of NEO's restricted stock unit incentives has declined since first issued in January and March of 2008.

Securities Authorized for Issuance Under Equity Compensation Plans

The following sets forth information in respect of securities authorized for issuance under our equity compensation plans as at December 31, 2008.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

Equity compensation plans not approved by securityholders	-	-	-
Total	6,111,945	\$13.69	1,804,513

Note:

- (1) A floating number of options equal to 10% of the aggregate number of common shares outstanding has been approved by our shareholders.

Pension Plan Benefits

We do not have any pension plans for our employees. We have established a savings plan to assist employees in meeting their savings goals. See "*Compensation Discussion and Analysis – Employee Stock Savings Plan*".

Employments Agreements

We have entered into employment agreements with each of our NEO's pursuant to which we have agreed to make certain payments to the executive in the event of termination without cause, a "change of control" without termination and a "change of control" with termination.

For the purpose of the employment agreements a "change of control" is defined as the occurrence of:

- a successful "take-over bid" as defined in the *Securities Act* (Alberta), as amended, or any successor legislation thereto, pursuant to which the "offeror" would as a result of such take-over bid, if successful, beneficially own in excess of 50% of our common shares;

- the issuance to or acquisition by any person, or group of persons acting in concert, of our shares which is the aggregate total 50% or more of our then issued and outstanding common shares;
- the sale of substantially all the our assets; and
- our winding up or termination,

provided that notwithstanding the application of any of the foregoing, a "change of control" shall be deemed to not have occurred:

- pursuant to an arrangement, merger or other form of reorganization where the holders of our outstanding voting securities or other interests immediately prior to the completion of the reorganization will hold more than 90% of the outstanding voting securities or interests of the continuing entity upon completion of the reorganization; or
- if a majority of the our board determines that in substance the arrangement, merger or reorganization has occurred or the circumstances are such that a change of control should be deemed to not have occurred and any such determination shall be binding and conclusive for all purposes of the agreement.

The following is a description of payments or the nature of the vesting of long-term incentives due to NEO's departure upon resignation, termination without cause, normal retirement, change of control without termination and a change of control with termination. For the purpose of the employment agreements, termination includes constructive dismissal.

Resignation

- Retiring allowance – none.
- Stock options – within 30 days of ceasing to be an employee, the NEO can exercise all stock options vested or vesting within 30 days of the date of ceasing to be an employee.
- RSU's – all unpaid and unmatured RSU's are forfeited as of the date of ceasing to be an employee.

Termination Without Cause

- Retiring allowance to be paid within five business days of termination consisting of:
 - One and one-half times the NEO's current base salary;
 - plus 20% of such amounts in-lieu of employment benefits; and
 - One times the greater of any cash bonus paid to the NEO in the year prior to termination or an average of the cash bonuses paid to the NEO in the two years prior to termination.
- Stock options – within 30 days of ceasing to be an employee, the NEO can exercise all stock options vesting within one and one-half years of the date of ceasing to be an employee.
- RSU's – payment is received for all unpaid and matured RSU's and a proportionate share of unmatured RSU's.

Normal Retirement

- Retiring allowance – none.
- Stock options – within 30 days of ceasing to be an employee, the NEO can exercise all stock options vested or vesting within 30 days of the date of ceasing to be an employee.
- RSU's – payment is received for all unpaid and matured RSU's and a proportionate share of unmatured RSU's.

Change of Control Without Termination

- Retiring allowance – none.
- Stock options – all stock options outstanding vest prior to the change of control in accordance with the stock option agreement.
- RSU's – payment is received for all unpaid and matured or unmatured RSU's .

Change of Control With Termination

- Retiring allowance to be paid within five business days of termination consisting of:
 - One and one-half times the NEO's current base salary;
 - 20% of such amounts of employment benefits; and
 - One times the greater of any cash bonus paid to the NEO in the year prior to termination or an average of the cash bonuses paid to the NEO in the two years prior to termination.
- Stock options – all stock options outstanding vest prior to the change of control in accordance with the stock option agreement.
- RSU's – payment is received for all unpaid and matured or unmatured RSU's .

Other key terms of the employment agreements:

- We are entitled to terminate an NEO's employment and for just cause at any time without notice and without any payment to the NEO whatsoever, save and except only for payment of the pro-rata salary earned for services rendered up to and including the termination date, plus any outstanding vacation pay and expenses.
- The NEO may resign by providing us with two months advance written notice of the resignation date.
- Should there be a change of control and an event that constitutes constructive dismissal within six months of the change of control, the NEO has the right, for a period of ninety days following the event or events that constituted the change of control, to elect to terminate his employment upon providing us with one week advance written notice.
- In the event of a change of control and the NEO elects to terminate his employment, the NEO will be required, at our option, to continue his employment with us for a period of up to two months at the NEO's then existing compensation package, to assist us in an orderly transition of management.

The following tables summarize the estimated payments to the NEO's as if the employment events listed above had occurred on December 31, 2008.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Board of Directors

The majority of our board of directors are independent. Our board has determined that Messrs. Comber, Karkkainen, Stewart, Woitas and Zawalsky are independent. Mr. MacPhail is not considered independent as he is the Chairman and Chief Executive Officer of Bonavista Petroleum Ltd., and Mr. Poelzer is not considered independent as he is the Vice Chairman and Executive Vice President of Bonavista Petroleum Ltd., which, prior to November 1, 2008, provided services to us under the Technical Services Agreement and Services Agreement described below under the heading "*Technical Services Agreement and Services Agreement*". Mr. Verge is not considered independent, as he is our President and Chief Executive Officer.

Our independent members of our board hold meetings immediately following regularly scheduled board and committee meetings. To provide leadership for the independent board members, our independent directors have appointed Mr. Karkkainen as our lead director.

The following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

Director	Names of Other Issuers
W. Peter Comber	Sure Energy Inc.
Pentti O. Karkkainen	None
Keith A. MacPhail	Bonavista Petroleum Ltd. and Canadian Natural Resources Limited
Ronald J. Poelzer	Bonavista Petroleum Ltd.
Craig W. Stewart	None
Alex G. Verge	None
Clayton H. Woitas	EnCana Corporation and EnerMark Inc. (the administrator of Enerplus Resources Fund)
Grant A. Zawalsky	Zargon Energy Trust

Board Mandate

Our board, either directly or through its committees, is responsible for the supervision of management of our business and affairs with the objective of enhancing shareholder value. The following is a summary of our board's written mandate:

The board is responsible for the stewardship of us, our subsidiaries, partnerships and other controlled entities. In discharging its responsibility, the board is required to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances and will act honestly and in good faith with a view to our best interests. In general terms, the board will:

- in consultation with our Chief Executive Officer, define our principal objectives;
- supervise the management of our business and affairs with the goal of achieving our principal objectives as defined by our board;
- discharge the duties imposed on our board by applicable laws;
- for the purpose of carrying out the foregoing responsibilities, take all such actions as the our board deems necessary or appropriate;

Without limiting the generality of the foregoing, our board is also required to perform the following duties:

Strategic Direction and Capital and Financial Plans

- require our Chief Executive Officer to present annually to our board, a longer range strategic plan and a shorter range business plan for our business, which plans must:
 - be designed to achieve our principal objectives;
 - identify our principal strategic and operational opportunities and risks of our business; and
 - be approved by the board as a pre-condition to the implementation of such plans;
- review progress towards the achievement of the goals established in the strategic, operating and capital plans;
- identify the principal risks of our business and take all reasonable steps to ensure the implementation of the appropriate systems to manage these risks;
- approve the annual operating and capital plans;
- approve acquisitions and dispositions in excess of which require approval pursuant to expenditure limits established by our board;
- approve the establishment of credit facilities.
- approve issuances of common shares or other instruments to the public.

Monitoring and Acting

- monitor progress towards achieving its goals, and to revise and alter its direction through management in light of changing circumstances;
- monitor our overall human resources policies and procedures, including compensation and succession planning;

- approve our dividend policy;
- appoint our Chief Executive Officer and determine the terms of our Chief Executive Officer's employment with us;
- ensure systems are in place for the implementation and integrity of our internal control and management information systems;
- in consultation with our Chief Executive Officer, develop a position description for our Chief Executive Officer;
- evaluate the performance of our Chief Executive Officer at least annually;
- in consultation with our Chief Executive Officer, establish the limits of management's authority and responsibility in conducting our business;
- in consultation with our Chief Executive Officer, appoint our officers and approve the terms of our officer's employment;
- develop a system under which succession to senior management positions will occur in a timely manner;
- approve any proposed significant change in our management organization structure;
- approve all of our sponsored retirement plans for officers and employees;
- in consultation with our Chief Executive Officer, establish our disclosure policy;
- generally provide advice and guidance to management; and
- approve all matters relating to a takeover bid for our securities.

Finances and Controls

- review our systems to manage the risks of our business and, with the assistance of management, our auditors and others (as required), evaluate the appropriateness of such systems;
- monitor the appropriateness of our capital structure;
- ensure that our financial performance is properly reported to shareholders, other security holders and regulators on a timely and regular basis;
- in consultation with our Chief Executive Officer, establish the ethical standards to be observed by all of our officers and employees and use reasonable efforts to ensure that a process is in place to monitor compliance with those standards;
- require that our Chief Executive Officer institute and monitor processes and systems designed to ensure compliance with applicable laws by us and our officers and employees;
- require that our Chief Executive Officer institute, and maintain the integrity of, internal control and information systems, including maintenance of all required records and documentation;
- approve material contracts to be entered into by us;
- recommend to our shareholders a firm of chartered accountants to be appointed as our auditors;

- ensure our oil and gas reserves report fairly represents the quantity and value of our reserves in accordance with generally accepted engineering principles and applicable securities laws; and
- take reasonable actions to gain reasonable assurance that all financial information made public by us (including our annual and quarterly financial statements) is accurate and complete and represents fairly our financial position and performance.

Governance

- in consultation with the chair of our board, develop a position description for the chair;
- selecting nominees for election to our board;
- facilitate the continuity, effectiveness and independence of our board by, amongst other things:
 - appointing a chair of our board;
 - appointing from amongst the directors, an audit committee and such other committees of our board as our board deems appropriate;
 - defining the mandate of each committee of our board;
 - ensuring that processes are in place and are utilized to assess the effectiveness of the chair of our board, the board as a whole, each committee of our board and each director; and
 - establishing a system to enable any director to engage an outside adviser at our expense;
- review annually the composition of our board, and its committees and assess directors' performance on an ongoing basis, and propose new members to our board; and
- review annually the adequacy and form of the compensation of directors.

Delegation

- our board may delegate its duties to, and receive reports and recommendations from, any committee of our board.

Composition

- our board should be composed of at least five individuals elected by the shareholders at the annual meeting;
- a majority of the members of our board should be independent directors (within the meaning of National Instrument 58-101) and free from any business or other relationship that could impair the exercise of independent judgment;
- members of our board should have or obtain sufficient knowledge of us and the oil and gas business to assist in providing advice and counsel on relevant issues;
- members of our board should offer their resignation from the board to the Chair of the Governance and Nominating Committee following:
 - a change in personal circumstances which would reasonably interfere with the ability to serve as a director; and

- a change in personal circumstances, which would reasonably reflect poorly on us (for example, finding by a Court of fraud, or conviction under Criminal Code or securities legislation).

Meetings

- our board shall meet at least four times per year and/or as deemed appropriate by the Chair;
- our board shall meet at the end of its regular quarterly meetings without members of management being present;
- minutes of each meeting shall be prepared;
- our Chief Executive Officer and Chief Financial Officer shall be available to attend all meetings of the board upon invitation by our board; and
- Vice presidents and such other staff as appropriate to provide information to our board shall attend meetings at the invitation of the board.

Authority

- the board shall have the authority to review any corporate report or material and to investigate our activities and to request any employees to cooperate as requested by the board; and
- the board may retain persons having special expertise and/or obtain independent professional advice to assist in fulfilling its responsibilities at our expense.

Board Committees

Our board has four committees: an Audit Committee, a Compensation Committee, a Reserves Committee and a Governance and Nominating Committee, all members of whom are independent directors, other than Mr. MacPhail who is a member of the Reserves Committee. Our board has accepted overall responsibility for health, safety and environment and no separate committee has been established to deal with these issues.

Audit Committee

The members of our Audit Committee are Mr. Comber (Chair), Mr. Karkkainen and Mr. Woitas. The committee's mandate includes:

- overseeing the work of our external auditors, including resolution of disagreements between management and the external auditors regarding financial reporting;
- monitoring, on behalf of the board, our control systems, including:
 - identifying, monitoring and mitigating business risks; and
 - ensuring compliance with legal, ethical and regulatory requirements including the certification process;
- reviewing our annual financial statements prior to their submission to the board for approval. The process should include but not be limited to:
 - reviewing the appropriateness of significant accounting principles and any changes in accounting principles, or in their application, which may have a material impact on the current or future years' quarterly unaudited and annual audited financial statements;
 - reviewing significant accruals, reserves or other estimates such as the ceiling test calculation;

- reviewing accounting treatment of unusual or non-recurring transactions;
- ascertaining compliance with covenants under loan agreements;
- reviewing the adequacy of the asset retirement obligation in the financial statements;
- reviewing disclosure requirements for commitments and contingencies;
- reviewing adjustments raised by the external auditors, whether or not included in the financial statements;
- reviewing unresolved differences between management and the external auditors;
- reviewing non-recurring transactions;
- reviewing related party transactions; and
- obtaining explanations of significant variances with comparative reporting periods;
- reviewing the financial statements, prospectuses, management discussion and analysis (MD&A), annual information forms (AIF) and all public disclosure containing audited or unaudited financial information before release and prior to approval of the board. The committee must be satisfied that adequate procedures are in place for the review of our disclosure of all other financial information and shall periodically access the accuracy of those procedures;
- with respect to the appointment of external auditors by the board, the committee shall:
 - recommend to the board the appointment of our external auditors;
 - recommend to the board the terms of engagement of our external auditor, including the compensation of the auditors and a confirmation that the external auditors shall report directly to the committee;
 - when there is to be a change in auditors, review the issues related to the change and the information to be included in the required notice to securities regulators of such change; and
 - review and approve any non-audit services to be provided by the external auditors' firm and consider the impact on the independence of the auditors;
- reviewing with external auditors (and internal auditor if one is appointed by us) their assessment of our internal controls, their written reports containing recommendations for improvement, and management's response and follow-up to any identified weaknesses. The committee shall also review annually with the external auditors their plan for their audit and, upon completion of the audit, their reports upon our financial statements;
- pre-approving all non-audit services to be provided to us by our external auditors. The committee may delegate to one or more members the authority to pre-approve non-audit services, provided that the members report to the committee at the next scheduled meeting such pre-approval and the members comply with such other procedures as may be established by the committee from time to time;
- reviewing our financial risk management policies and procedures (i.e. hedging, litigation and insurance);
- establishing a procedure for:
 - the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters; and

- the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters;
- reviewing and approving our hiring policies regarding employees and former employees of our present and former external auditors;
- meeting periodically with the external auditors, independent of management. The issues for consideration should include, but are not limited to:
 - obtaining feedback on competencies, skill sets and performance of key members of the financial reporting team;
 - enquiring as to significant differences from prior year period audits or reviews;
 - enquiring as to transactions accounted for in an acceptable manner but on a basis which in the opinion of the external auditor, was not the preferable accounting treatment;
 - enquiring as to any differences between management and the external auditor;
 - enquiring as to material differences in accounting policies, disclosures or presentation from prior periods;
 - enquiring as to deficiencies in internal controls identified in the course of the performance of the procedures by the external auditors; and
 - enquiring as to any other matters or observations that the external auditors would like to bring to the attention of the committee; and
- retaining persons having special expertise and/or obtain independent professional advise to assist in filling their responsibilities at our expense without any further approval of the board.

Compensation Committee

The members of our Compensation Committee are Mr. Karkkainen (Chair), Mr. Comber, Mr. Stewart and Mr. Zawalsky. The Compensation Committee's mandate includes:

- to oversee all aspects of our human resources policies and procedures to ensure that we are able to attract, motivate and retain the quality of personnel required to meet our business objectives. The process should include but not be limited to:
 - reviewing overall salary increases for our employees and making recommendations to the board;
 - reviewing all compensation and benefit proposals for our officers and making recommendations to the board;
 - undertaking, in consultation with the board, an annual performance review of the Chief Executive Officer, and review the Chief Executive Officer's appraisal of our officers;
 - reviewing the terms and conditions of appointment, termination or retirement of officers, including all employment contracts and making recommendations to the board;
 - reviewing, at least annually, succession plans for our officers;
 - reviewing and recommending to the board for approval, the compensation report for inclusion in our information circular; and

- reviewing all proposed compensation plans and any amendments to our compensation plans.

See "*Executive Compensation – Compensation Discussion and Analysis*".

Reserves Committee

The members of our Reserves Committee are Mr. Woitas (Chair), Mr. Karkkainen, Mr. Stewart and Mr. MacPhail. The Reserves Committee's mandate with respect to reserves includes, in consultation with our senior engineering management, to:

- meet with our independent evaluating engineers being considered for appointment to review their qualifications and independence to ensure the independent evaluating engineers being considered for appointment are technically qualified and competent, are independent of management and to establish the terms of their engagement;
- recommend to the board the appointment of the independent evaluating engineers to assist us in the annual review of our petroleum and natural gas reserves; and
- determine the scope of the annual review of the petroleum and natural gas reserves by the independent evaluating engineers, having regard to regulatory reporting requirements.

The committee is to review both the procedures for providing petroleum and natural gas reserves information to the independent evaluating engineers and the information used by the independent evaluating engineers to enable the independent evaluating engineers to provide a report that will meet regulatory reporting requirements;

In consultation with our senior engineering management and the independent evaluating engineers, it is the committee's responsibility to:

- determine whether any restrictions affect the ability of the independent evaluating engineers to report on reserves data without reservations; and
- review the reserves data and the report of the independent evaluating engineers.

It is the responsibility of the committee to:

- recommend to the board for filing, the report from the independent evaluating engineers and/or senior engineering management on our petroleum and natural gas reserves data;
- ensure the disclosure to the public on our petroleum and natural gas reserves is in compliance with regulatory requirements;
- review any proposals to change the independent evaluating engineers and/or resolve any differences between the independent evaluating engineers and management;
- meet on an annual basis with our senior engineering management and/or the independent evaluating engineers to review and consider the evaluation of our petroleum and natural gas reserves;
- meet separately with the independent evaluating engineers and/or senior engineering management when the committee deems it desirable and advise the board on the results of such meeting; and
- co-ordinate meetings with the Audit Committee, our senior engineering management, independent evaluating engineers and auditors as required to address matters of mutual concern in respect of the evaluation of our petroleum and natural gas reserves.

Governance and Nominating Committee

The members of our Governance and Nominating Committee are Mr. Zawalsky (Chair), Mr. Comber and Mr. Woitas. The Governance and Nominating Committee's mandate includes:

- to assist the board in meeting its responsibility for our stewardship, the committee shall review the following matters, at least annually, to ensure that such items are being addressed by us and our board. It is understood that the committee will provide oversight and recommendations in respect of these areas of activity and will in no way limit or detract from board and management responsibilities in these matters:
 - adoption of a corporate strategy and a strategic planning process;
 - adoption, on an annual basis, of corporate objectives;
 - identification of our principal business risks and the system to manage such risks;
 - succession planning, including the appointment, training and monitoring of senior management;
 - our disclosure policy; and
 - the integrity of our internal control and management information systems.
- to review annually, and to recommend to the board for approval, the composition, membership and mandates of the committees of the board, with a view that committees be generally composed of independent directors;
- to review annually, and to recommend to the board for approval, the corporate governance guidelines outlining the duties and responsibilities of the board;
- to review annually, and to recommend to the board for approval, the mandate of the board;
- to review annually, and update as appropriate, for approval of the board, the position description outlining the duties and responsibilities of the Chair of the board and the Chief Executive Officer, as prepared by them and to review their performance at least annually;
- in conjunction with the Chair, the make-up and size of the board and all nominees to the board. The Committee will also develop, for approval by the board, the guidelines for the nominating process which shall include, without limitation, considering what competencies and skills the board, as a whole, should possess, the competencies and skills the board considers each existing director to possess and the competencies and skills each proposed nominee will bring to the board as well as whether the new nominee can devote sufficient time and resources to his or her duties as a member of the board;
- the corporate governance report, including a description of our system of corporate governance for inclusion in our information circular;
- the committee also has the responsibility to:
 - ensure that an appropriate orientation and education program is provided to new members of the board;
 - develop, review, update and ensure procedures are in place for monitoring compliance with our Code of Business Conduct and Ethics;
 - conduct, with the Chair of the board, an annual assessment of the effectiveness of the board and the committees of the board, and to report on such assessment to the full board;

- review the adequacy and form of compensation of the directors annually to ensure the compensation realistically reflects the responsibilities and risk involved in being an effective director and make appropriate recommendations to the board for approval;
- consider any other matters which would assist the board to meet their corporate governance responsibilities, including adherence to any appropriate governance guidelines established by the securities regulatory authorities in Canada or other regulatory bodies, and to this end, monitor, on a continuous basis, regulatory law and guidelines in respect of governance matters; and
- consider, with the Chairman of the board, any requests by individual directors to engage outside advisors at our expense.

Orientation And Continuing Education

Upon joining our board, a new director will be provided with directors' information binder which will include a copy of all board and committee mandates, corporate policies, relevant position descriptions, organizational structure, the structure of the board and its committees, by-laws as well as agendas and minutes for board and committee meetings for the preceding 12 months. In addition, any new director will receive presentations with respect to our operations. As part of continuing education, our board receives management presentations with respect to the operations and risks of our business at least 4 times per year, with a more significant presentation provided in conjunction with the annual budgeting process and annual strategic planning meeting with all directors and officers in attendance. In addition, the individual directors identify their continuing education needs through a variety of means, including discussions with management and at board and committee meetings.

Ethical Business Conduct

Our board has adopted a Code of Business Conduct and Ethics, a copy of which is available to review at www.sedar.com.

Each employee, officer and director confirms annually that he or she has read, understood and complied with the code. Any reports of variance from the code are reported to the board.

Our board has also adopted a whistleblower policy which provides employees with the ability to report, on a confidential and anonymous basis, any violations within our organization including (but not limited to), falsification of financial records, unethical conduct, harassment or theft. Our board believes that providing a forum for employees, officers and directors to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness foster a culture of ethical conduct.

Nomination

We have established a Governance and Nominating Committee which, among other things, has the responsibility for establishing a nomination process and making recommendations to the board with respect to nomination of directors. See *"Board Committees – Governance and Nominating Committee"* for a summary of the committee's mandate. The Governance and Nominating Committee is composed entirely of independent directors. In accordance with the mandate of the Governance and Nominating Committee, the guidelines include considering what competencies and skills the board, as a whole, should possess, the competencies and skills the board considers each existing director to possess and the competencies and skills each proposed nominee will bring to the board as well as whether the new nominee can devote sufficient time and resources to his or her duties as a member of the board. In seeking nominees, the Governance and Nominating Committee encourages input from all members of the board and may use the services of professional recruiters if required.

Board Assessment

We annually conducted a formal assessment of our board and its committees and the individual directors under the direction of the Governance and Nominating Committee. Our board is satisfied its committees and individual directors are performing effectively.

Position Descriptions

Our board has developed position descriptions for each of the Chairman, the President and Chief Executive Officer and the chairman of each committee of our board.

TECHNICAL SERVICES AGREEMENT AND SERVICES AGREEMENT

We entered into the Technical Services Agreement with Bonavista concurrently with the completion of the plan of arrangement under which we commenced business in 2003. Pursuant to the Technical Services Agreement Bonavista personnel provided services in respect of the management, development, exploitation and operation of our assets. Bonavista also provided various administrative services, as well as access to geological and technical data relating to our assets. Pursuant to the Technical Services Agreement we paid our proportionate share of Bonavista's general and administrative costs for the services provided to us, after all recoveries. The proportion of costs was based upon the respective level of oil and natural gas production of each company relative to combined level of oil and natural gas production and the respective level of capital expenditure of each company relative to combined capital spending.

Effective January 1, 2007, the terms of the Technical Services Agreement were amended to reflect the reduced level of services provided by Bonavista. On August 31, 2007, the Technical Services Agreement was terminated and replaced with a Services Agreement that reflected the remaining ongoing services that will be provided by Bonavista. The services provided under the Services Agreement consisted primarily of provision of office space, oil and natural gas marketing services, reception services and some information technology services. The services are charged to us based on an assessment of market rates. The Services Agreement was terminated effective November 1, 2008, and Bonavista no longer provides any ongoing services to us. For the year ending December 31, 2008, we paid Bonavista \$1.1 million in fees relating to general and administrative services provided by Bonavista pursuant to the Services Agreement.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

For the year ended December 31, 2008, we purchased director and officer's liability insurance with an annual aggregate limit of \$20 million. The premium expensed in the fiscal year ended December 31, 2008, for the director and officer's liability insurance was \$69,222. The program carries a deductible of \$200,000, which would be our responsibility. Effective October 31, 2008, the liability insurance increased from \$15 million to \$20 million.

In addition, we have entered into indemnity agreements with each of our directors and officers pursuant to which we have agreed to indemnify such directors and officers from liability arising in connection with the performance of their duties. Such indemnity agreements conform to the provisions of the *Business Corporations Act* (Alberta).

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as disclosed herein or as set forth below, there were no material interests, direct or indirect, of our insiders, proposed nominees for election as directors, or any associate or affiliate of such insiders or nominees since January 1, 2008 or in any proposed transaction, which has affected or would materially affect us or any of our subsidiaries.

**INTEREST OF CERTAIN PERSONS AND COMPANIES
IN MATTERS TO BE ACTED UPON**

Our management is not aware of any material interest of any director or executive officer or anyone who has held office as such since the beginning of our last financial year or of any associate or affiliate of any of the foregoing in any matter to be acted on at the meeting, save as is disclosed herein.

ADDITIONAL INFORMATION

We undertake to provide, upon request, a copy of our 2008 annual report, containing financial information in the management's discussion and analysis of financial condition and results of operations and the 2008 audited financial statements sections, as well as a copy of our annual information form, subsequent interim financial statements and this information circular - proxy statement. Our annual information form also contains disclosure relating to our audit committee and the fees paid to KPMG LLP in 2008. Copies of these documents may be obtained on request without charge from the Vice President, Finance and Chief Financial Officer of NuVista Energy Ltd. at 3500, 700 – 2nd Street S.W., Calgary, Alberta, T2P 2W2, telephone (403) 538-8500 or by accessing the disclosure documents available through the Internet on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) website at www.sedar.com.

OTHER MATTERS

Our management knows of no amendment, variation or other matter to come before the meeting other than the matters referred to in the notice of annual meeting. However, if any other matter properly comes before the meeting, the accompanying proxy will be voted on such matter in accordance with the best judgment of the person voting the proxy.

The contents and the sending of this information circular - proxy statement have been approved by our directors.
